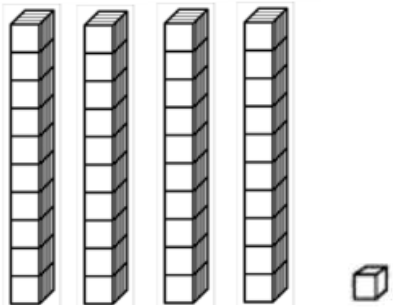
# KS1 Problem Solving Questions

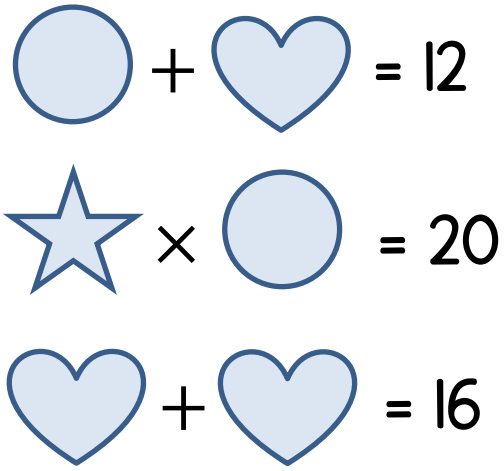
Tuesday 28th March 2017

**1** Yin makes a number.



What is 2 tens more than this number?

**2** Work out the value of each symbol.



**3** Use the information to work out how much each person weighs.

- Gina is the lightest. She weighs 32kg.
- Max is 45kg heavier than Gina.
- Riya is double Gina's weight.
- Cara is 19 kg lighter than Max.

Put the people in order of weight.
Start with the lightest.
