

# KSI Problem Solving Questions

Friday 3<sup>rd</sup> March 2017

1 Use the cards to make 4 different number sentences.

7      5      2

$$\square + \square = \square$$

$$\square = \square + \square$$

$$\square - \square = \square$$

$$\square - \square = \square$$

2 Grace has these coins.

Anise has this coin.

Grace gives Anise a coin.

They now have the same amount of money.

Which coin did Grace give Anise?
